Happy Tails

Bailey (formerly Gypsy)

Things are going better than we expected. These last three days have gone rather smoothly. Bailey is a fantastic family dog and is great interacting with the kids. Unlike the kids, she actually takes naps. She is bonding well and has started listening to some more commands. She loves tug, of course, and also enjoys wrestling and running and cuddling. We are seeking to be consistent with all our boundaries and rules.

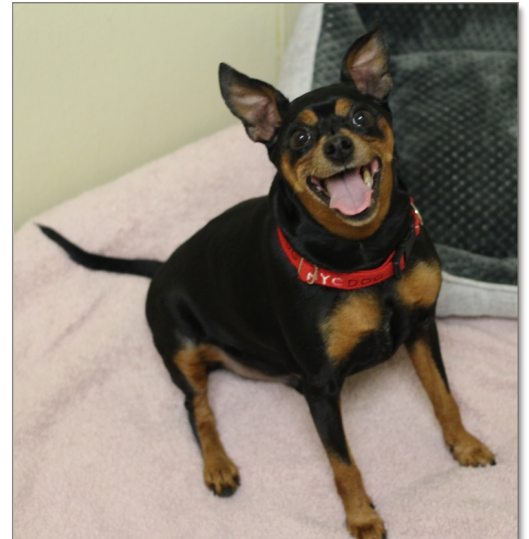

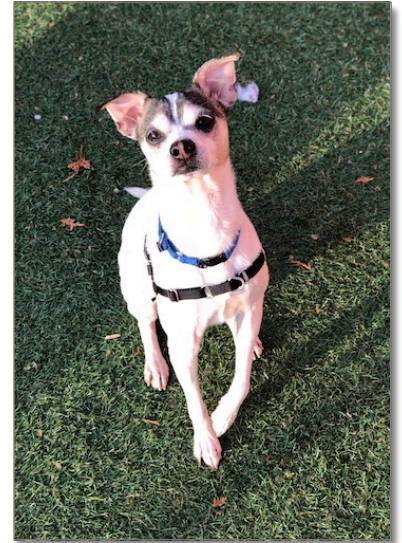

Below is a photo of her in our yard and eyeing a new tennis ball before killing it :)
