Did you get to meet **Trudy**?
She was only at Paws 5 days!

There's Cats and Kittens in our
Lobby 2, come visit soon!

Lobby 2 is Open for Business!

It's gorgeous! We immediately added 3 young siblings to the room and then pondered who else to put with them. The suggestion was made to try Lance as he is just a big kitten anyway and he loved it! He was adopted that same day! When Lance went home we again had to decide who would be the lucky recipient of this great new space. Super sweet friendly girl Trudy was sitting in an intake cage because there was nowhere else for her to go and seemed like the best choice. Within 2 hours of moving in, she was adopted too! Not only is this a great looking addition for the cats to enjoy, for now it also seems to be very lucky for the occupants!

Chubette doing her favorite thing!

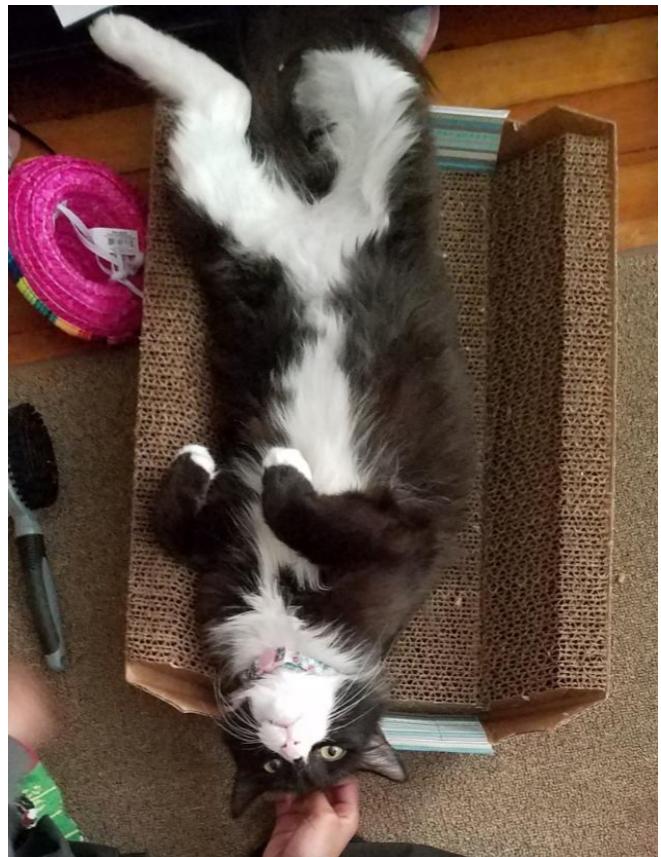

We love repeat adopters!

Roxy “doing fantastic” in her new home!

Maggie, who we named Miley, is doing fantastic! She was pretty much right at home the first day. She and our other kitty Coby (formerly **Theodore**) are already best friends! She is the perfect fit into our family and we love her so much!"

RIGHT => Long and lean but far from mean!

“We absolutely love **Zelda**! She has fit in with our family with such ease and we couldn't imagine life without her. We originally came into Paws looking for a kitten, but after talking to the staff we realized that getting a cat who was a little bit older was the best way to go. That was absolutely the right decision because Zelda is so gentle and laid back with my children. Thank you to you and all the staff for your knowledge and assistance!”

Archie the Alligator Cat!

Megan & Harry Doing Great!

“They are now Harry and Ellie. They are a joy to have and I’m so grateful to PAWS for all your help in bringing these two into my life.”

Can you say sibling rivalry?

“Ophelia is doing great. She’s a Parrot!”

Who is interested in becoming a **PAWS Ambassador** on the **weekends during our adoption hours (12-4)**? It is very busy on weekends and we need help improving our customer service. We want to greet and help everyone in a more timely manner and make every person's visit a positive one. Ambassadors will provide shelter tours, assist adoption counselors with animal showings, and help with the overall adoption process. Please consider volunteering for this important new position!

Martha (aka Stromboli) Feels at Home!

Chunky has Taken Over the Couch!

Whisper (now Nox) Doing Great

“Things have been going wonderfully. As our new guy (we named him Nox) has gotten more used to his space he has become quite the explorer, loves to play and is a happy lap cat. Luna (aka Mayo) is still as playful as ever and loves to curl up in the sun. We are very happy with the pair and they have grown closer as they have gotten used to one another. They play together regularly and will occasionally groom and curl up next to one another.”

Pinot (aka Rebel) is doing great!

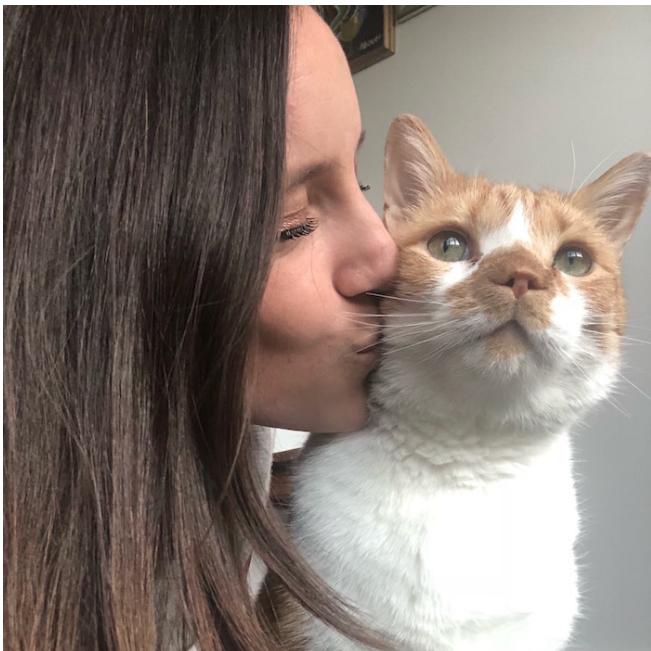

“I love her, she is so cuddly and EXTREMELY playful.”

Mandolin Checks In!

Max is a Happy Guy Again!

“We fall in love with Max more and more everyday! Thank you so much for everything you all do and for helping us find our cuddly friend.”

Louis Fits in Like he's Always Been There!

These boys could pass as brothers but they aren't :-) B&W Arlo was adopted last year as "Turvy" and G&W Louis was adopted just a week before these photos were taken! Great matchmaking!

Sasafrass (now Cali) Completely at Home!

"Thank you for allowing us to adopt the sweetest, goofiest, funny, adorable and loving kitty. We named her Calli and she has really thrown herself into our family. The boys adore her and have been so caring. She has completely found herself a home with us. She is my sleeping buddy. I attached some pictures. I hope you know how much we appreciate what you do for these pets. Thank you again from the bottom of our hearts!"

As many of you know I moved November 1st and it was a nightmare. Almost everything that could go wrong did, including having a cat missing for 2 ½ days. I did finally get all moved in, got internet hooked up after 8 days, and all the cats are safe and sound.

A HUGE Thank You to the wonderful ladies who helped me! Ginny Tennison, Susan Shishlak, Linda Coleman, Eleanor Bancowski, and Kathleen Whelan. I couldn't have done it w/o you!!!

I'm already up to seeing 4 different stray/feral cats outside my bedroom window, eek! Let the trapping and fixing commence :-) Purrs to everyone for all you do to help our Paws kitties!
