

MARCH 6, 2018

Recent Adoptions

Bandit, Belinda, Coco, Honey, Sassy, Spike, Cheezit, Cory, Stormy, Pooh, Tom Thumbs & David 2, and Princess

Save These Dates!

March 24 We've been invited to the Cat's Corner Open House in Oxford. It's a bit of a drive but this is where Dr Caldwell is now working and it would be great to show our support for her! Only one person would be needed to be there 2-5pm (or even 2-4:00).

We'll be sending 2-3 cats/kittens. It should be an easy afternoon of talking to visitors and showing off our cats. No adoptions will be done and you can simply refer people to call the shelter and visit our website for more info.

April 22 Please consider helping out at Norwalk PetValu on this *Sunday* event. We'll be there 12-4pm and even a 2 hour shift would make a huge difference in helping us collect donations, reach new adopters, volunteers, and fosters!

Please email cats@pawsct.org if you can help with either event!

Meows and Purrs!

Adopted: Belinda!

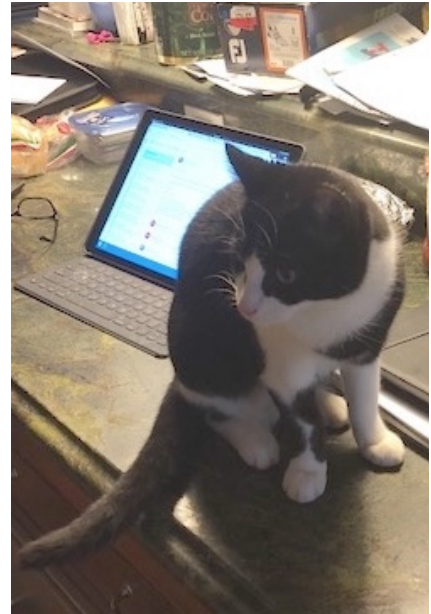

I'm so happy for my favorite kitty "bobtail bunny butt" :) I'm a sucker for calicos, torties, and bobtails in any color. I so wished to take Belinda home myself but she would have been miserable with all my cats (who already all hate each other). Belinda went home with our very own volunteer Katherine! Thank you!!!

Belinda came to us last year with Black Jack and Miss Kitty when their owner became sick and shortly after passed away. Because she lived with other cats we assumed it meant she would get along with other nice cats. We adopted her to a great home last fall but she refused to get along with the resident kitty and eventually attacked him to the point he required a vet visit. <eek> She will now be an only kitty and is sure to be very happy with that plan!

Sparky and Shadow, soak up the sunshine!

Michaela has taken over!

“Michaela has settled in nicely. She's great with the kids and my dog Duke. When friends come over she runs to them and wants to have attention.”

Adopted together: Tom Thumbs & David (2)

Adopted: Princess! Happy Faces All Around :)

Skye is Totally at Home!

Adopted: Spike! Because “cats are addicting!”

This family adopted *Jasmine* from Paws last fall. Note how Spike shows off his very expensive boy parts ;-)

“Skye is so wonderful! She got used to my apartment really quickly. I bought her some toys and kitty furniture to climb on. She is so sweet. Skye is a cat who shows her happiness and appreciation. She kisses me every morning and night.”

A HUGE thank you to everyone who “Helped Spike Pee” :-) We raised **\$1,700 of \$2,600 for his surgery!**

Cora (now Zelda) is living large!

Mazie and Marbles look very happy with their new digs!

Many of you didn't get a chance to meet this sweet pair of bobtail kitties but they spent a couple weeks at my house, after their owner moved and left them behind in an apartment with no heat :(

Cat Teeth Cleanings Are Worth the Cost

Cats don't naturally have horrible breath! If your's does, chances are they have an infection or decay. Dental issues are very painful. Dental disease doesn't just stay in your cat's mouth. Infections that start there can move to bones, lungs, and bloodstream. Dental disease may also complicate other illnesses, such as diabetes, and can lead to maladies like kidney disease, auto-immune issues, arthritis, heart failure and even cancer. If you don't already subscribe, check out: www.catster.com for more info.

Long time followup: Peanut

Happy Gotcha Day Buddy!

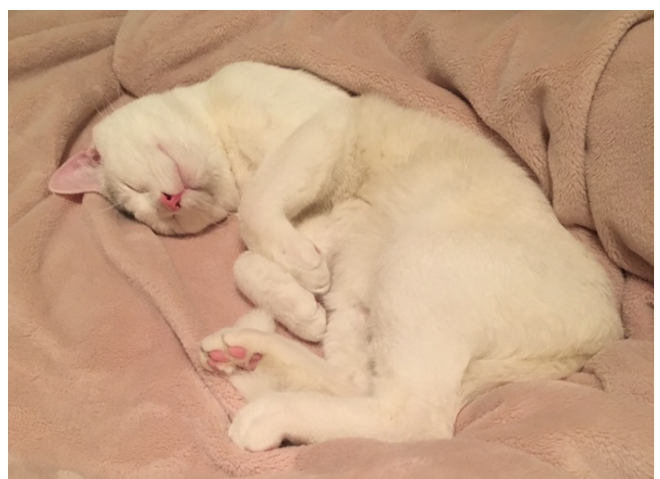

Buddy and Kimberly are celebrating their one year adopt-iversary!

“Adopted in 2012, she loves her home & her humans.”

Adopted: Cheezit!

Spike has already taken over!

“We LOVE Spike and are so happy to have him as part of our family!”

We could really use donations of FELIWAY (or other calming pheromones). Spray cans or plug-in refills (1, 2 or 6 packs). We're almost completely out. We sent our last spray cannister home with **Sassy** and are hoping for the best! Thank you so much for all you do for the Paws cats!
